HMRC ACCOUNT VERIFICATION AND FOLLOW-UP CALL SHEET

Purpose: verify the Developer Hub account and obtain an escalation outcome for the overdue LedgerHouse VAT MTD production-credentials request.

SECURITY: Use HMRC's official number. Never disclose a password, MFA/OTP code, client secret, OAuth token, full card details or online-banking credentials. Give the full UTR only if the verified HMRC adviser specifically asks for it.

Prepared answers

Possible verification question	Prepared answer
What is your full name?	Godfred Frimpong
What is your role?	Software Development Officer and responsible individual for the LedgerHouse Developer Hub application.
What organisation do you represent?	KAFS Limited, trading as Kafs Automation.
What is your business address?	5 Brayford Square, London E1 0SG.
What email is registered/used?	info@kafs-ltd.com
What telephone numbers can you confirm?	Mobile: +44 7939 823988 | Landline: +44 20 8434 9531
What is the software/application name?	LedgerHouse.
What is the organisation/software URL?	https://ledgerhouse.finaccord.pro
Which API access was requested?	VAT (Making Tax Digital) production credentials.
What is the request reference?	2026-VXY565.
When was it acknowledged?	13 July 2026 at 10:39 pm (Europe/London).
What does the portal currently show?	Credentials requested. VAT (MTD) is the subscribed production API.
Can you confirm the Corporation Tax UTR?	Yes. Read it from the secure HMRC record only if asked; it is intentionally not printed on this portable sheet.
Is there another recent support reference?	Yes: 2026-NLG275 is for the separate 2-step verification matter, not the production-credentials request.
Can you confirm the application ID?	Open Developer Hub > Applications > LedgerHouse and read it only if the adviser asks. Do not volunteer client credentials.

Questions to ask before ending the call

1. Is reference 2026-VXY565 still open and assigned to the correct production-credentials team?	4. Please escalate the overdue request and give me the escalation/case reference.
2. Has the responsible-person verification email been sent, received and cleared?	5. What is the expected response date, and which email address will receive the decision?
3. Is any evidence, demonstration, correction or action outstanding from KAFS Limited?	6. Please add a note that the Developer Hub still shows 'Credentials requested'.
